Welcome and Housekeeping:

1. Chair Mike Poston called the meeting to order and determined a quorum was present.
2. Poston reminded members of the ethics statement printed on the agenda.
3. Poston reviewed the agenda and asked if there were any modifications. Paige Dowling motioned to approve the agenda as presented; Jack Morgan seconded the motion, and it was approved unanimously.
4. Poston offered the opportunity for public comment; no members of the public were present.

Action Items:

5. Rose Bauguess presented the minutes from the March 17, 2021 SWRPO TCC meeting for review and discussion. Randy Wiggins motioned to approve the minutes as presented, seconded by Debbie Coffey; the motion passed unanimously.
6. Bauguess presented the FY 2022 SWRPO Planning Work Program for review and discussion. She reviewed the dollar amounts allocated to each program area. The total budget and the allocations are identical to the previous year's work program. Jack Morgan motioned to approve the PWP as presented, seconded by Randy Wiggins; the motion passed unanimously.
7. Bauguess presented the SWRPO Prioritization 6.0 Local Input Point Methodology for review and discussion. Dowling made a motion to approve the Methodology as presented, seconded by Kevin King; the motion passed unanimously.
8. Bauguess presented a Resolution to Endorse the Macon County CTP. The CTP has already been adopted by Macon County Commissioners and the Franklin Town Council. The Town of Highlands is expected to adopt the CTP at their upcoming meeting. The RPO endorsement would be contingent on adoption by the Town of Highlands. Jack Morgan made a motion to endorse the Macon County CTP contingent on adoption by the Town of Highlands. Justin Setser made a second and the motion passed unanimously.

Informational Items:

9. Steve Williams provided the Division 14 updates, including projects status handouts. He has added resurfacing projects to the construction list. He provided updates on the Dillsboro bridge project, the Cowee Mountain slide repair, and Walker Mountain slide repair. No new projects have been added to the project development list other than bridge replacements.
10. Roger Castillo provided the Transportation Planning Branch updates and provided a newsletter with useful links about National Bike Safety Month and NCDOT's drone program for bridge inspections. The Macon County CTP is close to being adopted by local governments and will go to the Board of Transportation soon.
11. Bauguess provided the SWRPO Staff update.

- Now that the Macon County CTP is nearing completion, Swain County is going to be the next on the list for a CTP. However, Swain County does not have a current land use plan, so we are working on a land use plan for Swain County and Bryson City.
- NCDOT Bicycle and Pedestrian Planning Grant applications are due June 30. Let Rose know if you are interested in applying so we can get a resolution of support from the RPO.
- The NCDOT autonomous shuttle is looking for a pilot demonstration site in the western part of the state. The site constraints and the match requirement seem to be too high to find a suitable deployment site in the mountains.

12. TCC Member updates:

- Jackson County is seeing a lot of development, especially in the second-home market, putting pressure on services. The pedestrian plan is nearing completion.
- The Town of Sylva has finished two sidewalk segments downtown. One is a bump out and restriping a crosswalk. They are still working on a solution to the landslide on Allen Street as well as the 160d zoning updates.
- Macon County reported the new hospital is breaking ground and seeing increased development along the bypass.
- Cherokee County reported work the Hamburger Alley project is a challenging but moving along. Like other areas, the second-home market is booming and driving prices sky-high and making workforce housing a critical issue.
- Highlands has been very busy, and they are working on finishing their Comprehensive Plan and 160d updates.
- Dillsboro is beginning their Comprehensive Plan. Mayor Fitzgerald is retiring, and David Jones will be the new mayor. The new bridge is beautiful.
- Franklin adopted the 160d updates last month along with updates to the minimum housing and wireless telecommunications ordinances. The sign ordinance is going through some 160d updates as well. Lot of work going on Georgia Rd. The County got the Greenway bridges, helping with that connection crossing the road. Summer Woodard is leaving the Town for another job and Justin Setser has been appointed Interim Manager.
- Kim Angel provided the Transit updates. Ryan Brumfield has been named the new director of the Integrated Mobility Division in Raleigh. All the transit systems are preparing to transition the way they do Medicaid transportation. There will be two for-profit brokers administering the transportation services. Start taking calls July 1. Also hoping to get the ROAP money restored in the state budget. Macon County Transit's facility expansion has plans drawn and being submitted to FTA and NCDOT. Some good news – AT hiker transportation is over 800, a new record high.

- Swain County reported influx in housing market. They have a company that is going to be doing some affordable housing. Swain County Event Park is being developed to house events and the new building will be finished next month.
13. Poston asked if there were additional agenda items. Hearing none, he adjourned the meeting. The next meeting is scheduled for September 22, 2021. The time and location will be determined as it gets closer depending on Covid restrictions and local conditions.

SWRPO, Division 14, Construction Progress Report, September 2021
