

Opioids.

How do they affect you and your community?

Are you a:

**Community member and/
or person or family member
with personal experience**

**Substance use
treatment provider**

**Emergency personnel
with opioid experience**

Join us for a 1.5-hour virtual focus group to discuss opioid use, resources, treatment, and prevention in your community.

Your experience is a critical part of the opioid needs assessment that is happening in your region. The needs assessment will then inform how opioid settlement funds will be spent to combat the opioid epidemic in your region.

Sign up by clicking on the link below for the group most relevant to you. You only need to attend one session.

Date	Start Time (ET)	Key Groups	Link
